# Prospects Data Collection Mobile App for EXHIBITORS

Scan and Collect  
Prospects Data with  
Accuracy through  
your Own Mobile  
**Fast & Paperless**

# BENEFITS TO EXHIBITOR

get started and unlock powerful connection tools.

**Instant Lead Capture:** Scan participants' QR badges with one click to instantly save their name, company, mobile number, and email.

**One-Click Data Export:** Easily download your entire list of scanned contacts in CSV format for quick follow-up after the event.

**Networking Efficiency:** Stop manual typing and start building meaningful connections in seconds.

It's a user-friendly mobile app to scan Delegate Name Badge and collect important information like Delegate's Name, company name, Email Id, Mobile Number etc. in just one CLICK.

- Download Visitor Data instantly in Excel/CSV Format
- Save Contacts details in your mobile with a Single Click
- Write Digital notes and give rating based on Prospect's Quality

Save Your Time, Efforts and Connect Digitally with your Prospects

or visit the registration counter during event

# JUST FOR YOUR INFORMATION

If you ever happen to see this screen(refer the image on left side) , this happens due to the Low or No-Network in your mobile app. Please follow below steps if you face this issue –

1. Just close and start the app again. It will solve problem
2. If it's still not working then put your phone in airplane mode and again put it back. Now start the app , it should work

In any scenario , DO NOT Uninstall your app. you will lose all the scanning data.

You can contact at registration counter or call 9179109484 for any queries.
